

# Aerospace Innovation Hub @TU Delft

Aerospace Innovation Hub  
Femke Verdegaal | +31 15 278 95 62  
TU Delft | Kluyverweg 1 | 2629HS  
AE-innovationhub@tudelft.nl

*A pre-incubator facility  
within Europe's largest faculty  
of Aerospace Engineering,  
where student entrepreneurs,  
researchers and the industry*

*work together  
to innovate aerospace.*

# A unique opportunity

- Start your own aerospace business
- Prepare your early-stage business for the incubation phase
- Boost your innovation & enhance your business plan
- Interact with researchers & fellow students
- Connect with international corporates at an early stage

## The location

- Situated on the 3 top floors of the faculty building of Aerospace Engineering
- Presenting flexible open working spaces as well as office rooms
- Availability of safe and clean makerspace areas to work on prototypes and mock-ups
- Access to testing resources and manufacturing facilities at the faculty
- A lively community room where students, researchers and corporates can interact

## Our offer

- In house coaching and tutoring program
- A community manager with supporting staff
- Regular events, lectures and workshops
- Cooperation with TU's researchers & technicians
- Interaction with corporates and companies

# Access

- Access to most recent aerospace knowledge and state of the art facilities
- Work on new challenges and solutions submitted by faculty researchers
- Engage with topics presented by the aerospace industry
- Piggyback on the internationally renowned reputation and global network of TUD
- Get direct access to international aerospace corporates and companies who support AIH

# Application

### **As a student**

Student-entrepreneurs can file their application via:

[AE-innovationhub@tudelft.nl](mailto:AE-innovationhub@tudelft.nl)

After initial assessment the project idea will be presented to the AIH selection committee. Subsequently with a positive review the student entrepreneur(s) can rent a working space or available office at the AIH

### **As a company**

Representatives from the industry can express their interest by sending an e-mail to:

[AE-innovationhub@tudelft.nl](mailto:AE-innovationhub@tudelft.nl)

Possibilities range from setting up a representative office within the AIH up to sponsoring an own wing, styled in the own corporate identity.
